Millionaires in America 2020: All 50 States Ranked | Slide 9 of 52

44. New Mexico

MILLIONAIRE HOUSEHOLDS: 40,450

TOTAL HOUSEHOLDS: 813,135

Concentration of Millionaires: 4.97%

RANK: 44 (+1 from last year)

MEDIAN INCOME FOR ALL HOUSEHOLDS:

\$47,169

MEDIAN HOME VALUE: \$174,700

New Mexico is a land of stark contrasts when it comes to its millionaire population. Los Alamos, New Mexico – best known for the world-famous Los Alamos National Laboratory – seems like an unlikely place to find a lot of millionaires. **But at 13.2%, it has the second-highest concentration of millionaires per capita of any city in the U.S.**

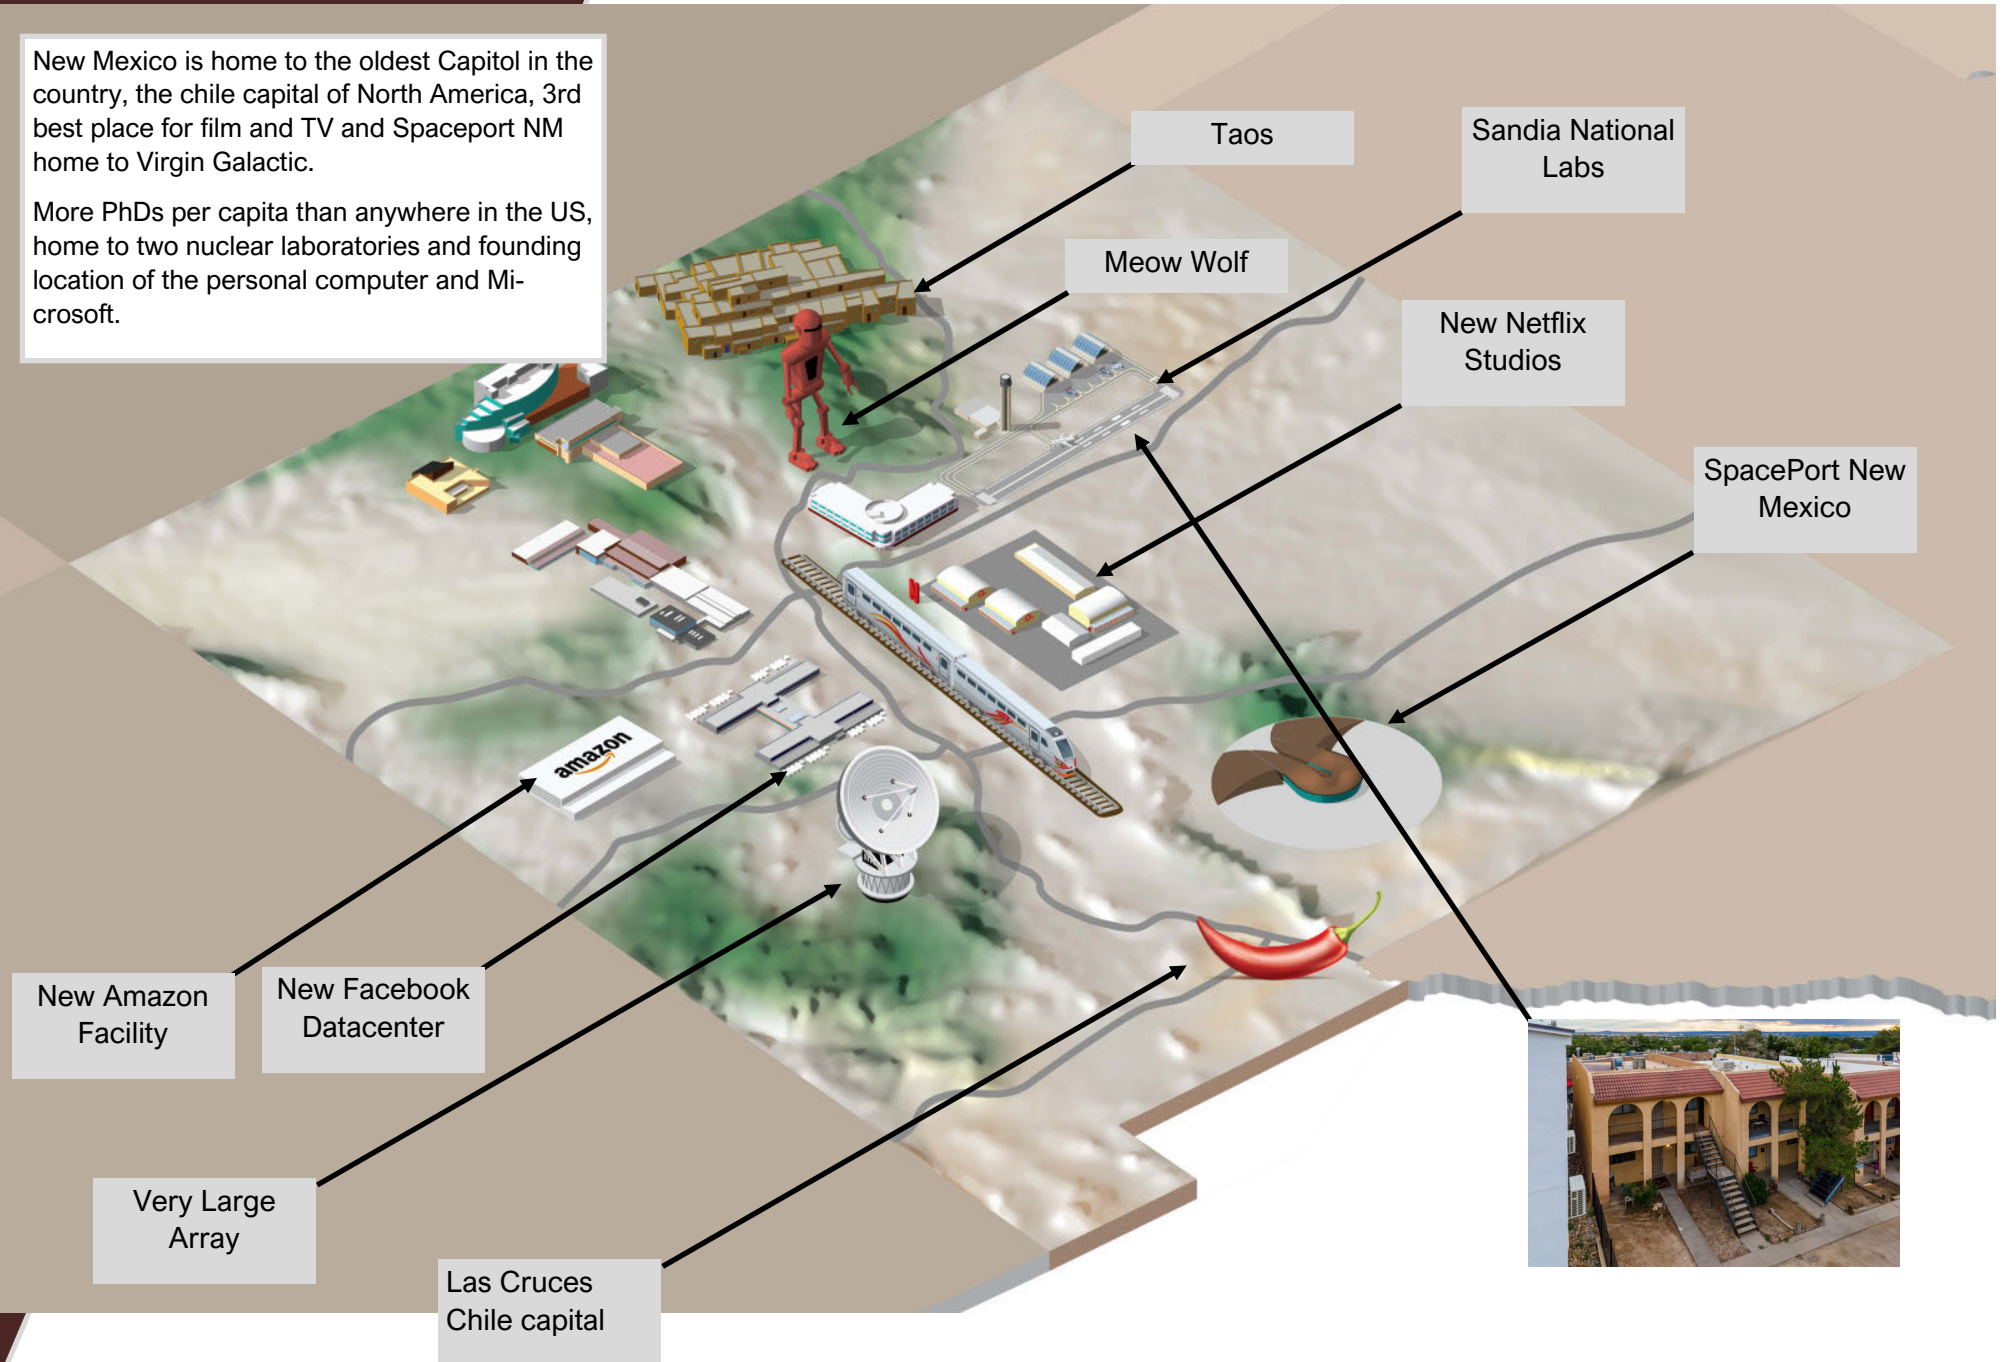

In addition to medicine, top-paying jobs are found in general internal medicine, engineering management and psychiatry.

Yet outside of Los Alamos, the state's concentration of millionaires puts it in the bottom 10 in the U.S. Fewer than 1 in 20 households claiming investable assets of \$1 million or more.

New Mexico is on the international map

New Mexico is home to the oldest Capitol in the country, the chile capital of North America, 3rd best place for film and TV and Spaceport NM home to Virgin Galactic.

More PhDs per capita than anywhere in the US, home to two nuclear laboratories and founding location of the personal computer and Microsoft.

Multifamily investment sales process and thoughts:

My name is Todd Clarke CCIM CIPS and I am a commercial Realtor who has been selling apartment investments for over 36 years. In that time, I have listed/sold over 19,248 units totaling \$906.2M in over 992 transactions. I also teach investment sales analysis for the CCIM institute (27 years, over 4,000 students in a dozen countries). I share this with you so you know that the balance of this document comes from experience, and my ideals about how the apartment business runs. This also gives you insight into how we counsel and advocate for our clients.

Most of your **Buyer's questions** about rents, expenses, and property info can be answered by downloading the flyer & APOD (Annual Property Operating Data) from the document center. **Please READ THEM. If you are new to investment sales, I am glad to assist you, but please know:**

Showings/Tours

Residents have rights under the NM Landlord Resident Relations act, and Landlords take that law seriously.

Many Landlords consider their residents to be their **customers**. They work hard to keep them **happy**. Any attempt by a 3rd party to visit the property without the Landlord's prior written approval jeopardizes the Landlord's and Resident's happy customer relationship.

Do not disturb the residents, do not walk the property. It is considered rude to do either, and many Sellers will refuse to work with Buyers who violate this provision.

Landlords (Sellers) rarely are willing to show a property prior to having an offer.

Where possible, we have included virtual tours in high definition – please look to the flyer for those links.

Sellers suggest Buyers make an offer subject to inspection and that the buyer work hard to consolidate their inspections and appraisal review on the same business day, to minimize the impact on the residents, who are the sellers clients.

Commercial vs. Residential Real Estate sales

Apartment investments are considered commercial real estate sales. Although the occasional apartment will sell to an owner/occupant, from the Seller's and Listing Broker's perspective, they approach the transaction in a business-like manner, where it is all about the numbers, and very little about the emotions.

Commercial brokers work regular business hours during business days, and so do most of their clients. Please do not write an offer with an expiration date on a weekend, or a response period of anything less than 3 business days. Please do not text, or expect return phone calls after regular business hours.

Offers

Commercial transactions often start with a two page letter of intent or LOI – this allows the parties to share the skeleton of a deal. If they can reach a meeting of the minds, they will then flesh out the details in a purchase and sale agreement. If your client chooses to do a letter of intent, please make sure your letter of intent form includes the basics like price, closing date, contingencies, and who pays what closings costs.

The current (2021) activity level from investors interest in our marketplace is three times higher than it was before then pandemic, which was 10 times higher than it was in 2016, our market is saturated with out of state investors, and I often tell buyers that they have a 1 in 10 chance of becoming an owner, where as everyone of my Sellers have a 1 in 1 chance of selling.

Please let your client know that I work with my clients on a merit based negotiation system - we do not play the high/low game, and my **listing agreement pre-authorizes me to let you know when a (low) offer is likely not to be responded to by my Seller, so call first before your client suggests a low ball offer.**

If your client's strategy is to count days on market and expect a discount, please let them know we specialize in helping our clients establish the leading edge of current market pricing, and our clients are prepared to wait for the right investor who can meet their deal goals.

The follow-up questions Sellers ask after what is the price is, does the Buyer know the market? Have they been here? Do they have a team (management, lender, etc.) in place? Be prepared to answer these questions an advocate for your buyer, particularly if there are multiple competing offers.

Most of my Sellers are as focused on certainty of closing as they are the price, so don't be surprised when we ask you for proof of funds of down payment and a prequal letter from a qualified lender.

The standard in commercial transactions is that the Buyer pays for their own inspections and financing costs, and issues raised by the Buyer's lender are the Buyers to deal with. As the seller is sharing the information on the property with the buyer, the expectation is the buyer will share all information with the seller so they can troubleshoot/problem solve together.

BID Process

If this property is being marketed with the BID process, then **the ask (start) price is set low** with the intention of garnering a lot of investor interest that will lead to multiple offers, a best and final round **with a final close price that is considerably higher than the original ask price**. This process may be new to you, but we have been using it for over 16 years. By participating in the BID Process, best case, your buyer becomes an owner, worst case they receive an education on current market conditions.

If the property is being marketed using the BID process, the tour date and time is the **only time** the property is available for a viewing. This is not an inspection. Please do not bring your vendors, inspectors, ladders, etc. This is not an open house, but a guided tour that lasts 10 to 20 minutes and allows you a chance to view the interior condition.

Client Control

Your client's actions represent you in this transaction, and your actions represent them.

Please let your client know they have only one chance to make a good impression with my Sellers.

When in doubt, please ask for permission via email, **do not** take action and expect forgiveness from a Seller. Please let your clients know that their actions will be considered by the Seller when they review offers and rank them in likelihood to close.

Open invitation – on a monthly basis, we host a luncheon for brokers and property managers who have an interest in apartment investments – just email me for an invitation.

Please know that I love this business and I am glad to share my knowledge, expertise and enthusiasm with you and your Buyer. I want to help you, help them, to be a great landlord and investor.

I look forward to working on this transaction with you—Sincerely, **Todd Clarke CCIM CIPS**
