

A rare opportunity to acquire a piece of NM history connected to person who built the Trestle:

Meet the world's largest wooden structure:

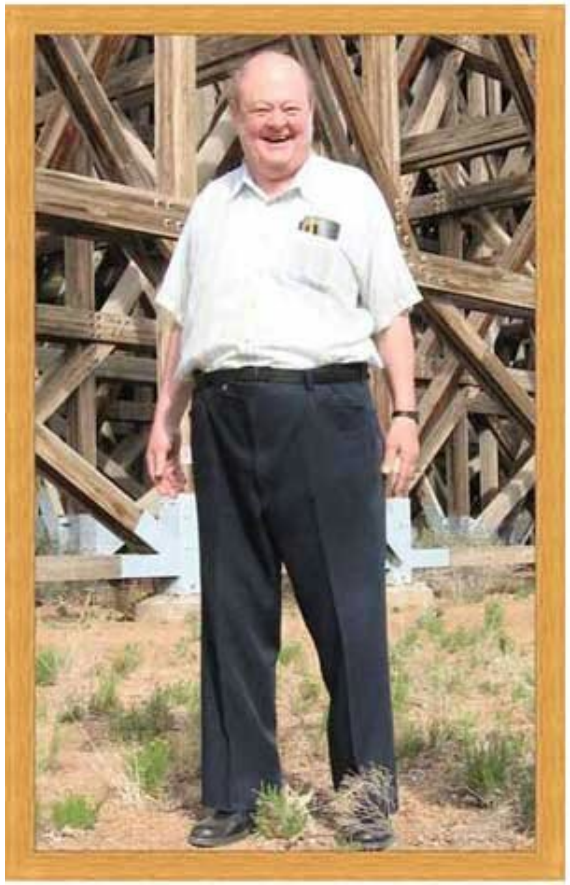

- The Atlas-I (Air Force Weapons Lab Transmission-Line Aircraft Simulator) or the Trestle
- Cost $58M in 1970s
- 6.5 million board feet
- 1,000 feet long
- 125 feet tall
- All wood construction (no nails or bolts)
- Largest non-nuclear electromagnetic pulse generator in the world

DEACON PROPERTY SERVICES

Designed and Developed by Dr. Carl Baum | Albuquerque, NM

Property History—meet the original developer, Dr. Carl Baum

In the 1960's, Dr. Carl Baum began work at the Air Force Weapons Laboratory to oversee research on Electromagnetic Pulse Phenomena at Kirtland Air Force Base.
Dr. Baum designed and developed several structures on the Air Force Base, most notably the massive Atlas I EMP Test Site, better known as “The Trestle”. The Trestle is a potential National Historic Site, which is one of the largest wooden structures in the world and a device that was instrumental in America’s efforts to win the Cold War.

Dr. Carl E. Baum standing in front of Atlas-1

BAUM -- Carl E. Baum passed away peacefully on December 2, 2010.
Born in Binghamton, NY on February 6, 1940, he received his BS in electrical engineering with honors from Cal Tech in 1962.
He was commissioned a 2nd Lieutenant in the Air Force and assigned to the newly formed Air Force Weapons Laboratory at Kirtland AFB.
In 1969, Captain Baum received his doctorate from Cal Tech. In 1971, he accepted a civilian position at the Air Force Weapons Laboratory and continued his remarkable engineering work there until 2005.
After serving the Air Force for 42 years as both an officer and a civilian, Dr. Baum retired from the government in 2005 and continued his work as a Distinguished Professor of Electrical Engineering at the University of New Mexico. Dr. Baum was a master of mathematics and electromagnetic theory and antenna design, and was blessed with a remarkably creative scientific mind.
His works have been published extensively in conference proceedings, scientific journals, and books throughout the world. As a distinguished lecturer, he traveled extensively to all parts of the United States and throughout the world presenting papers, giving lectures, and teaching short courses on high power and ultra-wideband electromagnetics.
During the last five years of his life, he was working closely with Old Dominion University developing treatments for cancer using highly focused ultra-wideband electromagnetic pulses.
Dr. Baum authored, edited, and maintained an extensive library of technical papers on electromagnetics, mathematics, and related subjects known as the Note Series. He also founded the SUMMA Foundation which sponsors scientific conferences, publications, short courses, fellowships, and awards in electromagnetics. Truly one of the great minds of his time, he will be remembered not only for his work, but also for his generous spirit and joyous outlook on life. A remarkable man with a remarkable mind and spirit, Dr. Baum touched the lives of thousands of colleagues, and he will be greatly missed. Carl is survived by his two nephews and sister-in-law, George, Spencer, and Martha Baum of Albuquerque.

Image Source: Wikipedia.org

Carl had some intriguing quirks. Even though he helped usher in the digital age, he refused to use a computer. He wrote with a pencil on lined, three-hole-punched paper—the kind school children use. When he lectured at great universities throughout the world, he used an old-fashioned viewgraph machine to display his primitively hand-drawn figures and high-level calculus that probably only 300
people on this planet can understand.=

DEACON PROPERTY SERVICES

Investment Summary

Property information

NM Apartment Advisors and Deacon Property Services are excited to present a rare opportunity to own a 16 unit complex designed with true pride of ownership. This quality-built property lives more like patio homes than apartments - with secured courtyard entry, substantial private outdoor living spaces, and quality features throughout.

This 16-unit development was designed and occupied by the late great Dr. Carl Baum. Dr. Baum is most known for designing "The Trestle," the world's largest wooden structure and one of NM's historic treasures. Dr. Baum built this property and lived in one of the apartments from the time of its construction until his death in 2010. He had strong beliefs about the design of living spaces, and the open floorplans and efficient use of space in these buildings was far ahead of its time.

Beyond its rich history, residents love the updated 2-bedroom 1 bath floor plans with quality updates, solid surface flooring throughout, updated fixtures, full size washer / dryers in a separate utility closet, and large & updated kitchens with all appliances- including dishwashers.

There are also two very unique 3-bedroom / 2-bathroom floor plans with vaulted ceilings, custom accents, stained glass, huge private yards, & tons of custom finishes. Convenient South Albuquerque location just 2 blocks to great shopping, restaurants, and Kirtland Air Force Base, with quick and easy access to the new Max-Q Mixed Use Development, and the new Albuquerque Community Services Headquarters.

Investor's Effective Tax Rate = **24%**

As a commercial real estate investor, the federal tax code gives you three advantages compared to other investments including:

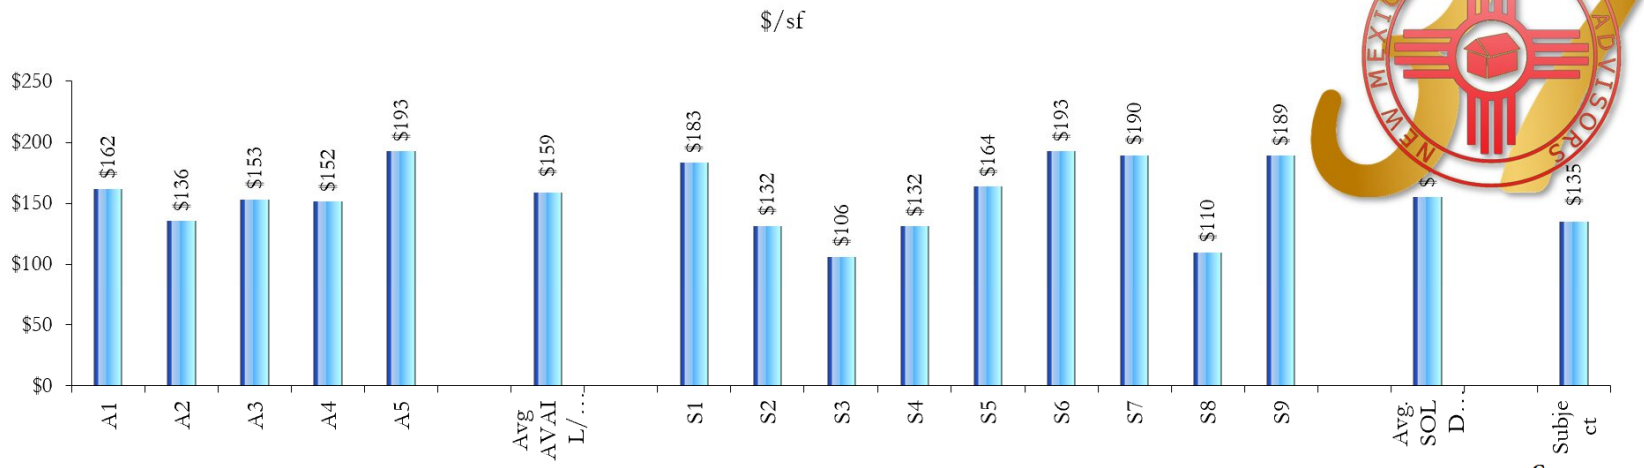

1. Deduct your annual mortgage interest before you calculate your taxable amount;
2. Deduct your cost recovery/depreciation before you calculate your taxable amount, in the future when you sell the property, you only pay back 25% of the benefit you received;
3. Your long term profit, or capital gain, is taxed at 20%.

The combination of these benefits could help lower an investor's effective federal tax rate from 35% federal tax rate to only 24.0%.

3 numbers to remember for ABQ - 100, 320, & 24,343

As Albuquerque celebrates its 320th birthday, it also recognizes the impact of Route 66 century of service as it bi-sects the city.

This is the 5th housing shortage in the last 100 years and based on forecasted job growth the city will need an additional 23,343 units.

CELEBRATING ALBUQUERQUE'S 320th BIRTHDAY

Gloria Robinson Chavez, 79, takes part in the Founder's Ceremony.

CHANCEY BUSH/JOURNAL

Baila! Baila! dancers perform at Albuquerque's 320th birthday celebration in Old Town Plaza on Saturday.

Hundreds gather in Historic Old Town for Founder's Day celebration

Historic Old Town Plaza came alive with swirling dresses and a cascade of vibrant colors as Baila! Baila! Ballet Folklorico dancers captivated the crowd, and Mariachi Xochitl filled the air with lively tunes on Saturday. The gazebo transformed into a stage of spinning patterns and dazzling smiles, drawing hundreds to Albuquerque's 320th birthday celebration. For 38 years, the city has honored its founding by reflecting on its rich eras: Native American, Spanish, Mexican, territorial and statehood. During the Founder's Ceremony, banners bearing the names of founding families circled the plaza.

Valeria Fehr, 3, is held by her mother, Brenda Pinon, while she waits to perform with Baila! Baila! Ballet Folklorico.

Reasons to invest in Albuquerque, NM

Albuquerque is home to
Three of the six F.A.A.N.G. tech companies:

Facebook Data Center

A amazon 4 Distribution centers announced 1,000 new jobs

A Apple

N NETFLIX announced $1 Billion of new programming

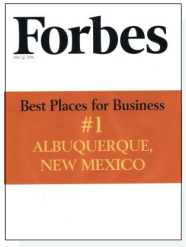

G Google

Due to Sandia and Los Alamos National (nuclear) Laboratories - New Mexico has more PhDs per capita than any other state.

#3rd place in United States for Film and TV

The city has made a major investment in its transportation corridor - along historic Route 66 the new A.R.T. or Albuquerque Rapid Transit has been installed - a $130M investment and upgrade into this transit corridor. Did you know that apartment communities in the top 10% of walk, bike or transit scores achieve 25% higher rents?

Albuquerque offers over 300 days of sunshine, ski and golf in the same day, hundreds of miles of biking/hiking trails, more parks/open space per person and North America's largest bosque forest.

Albuquerque, New Mexico in the news

- 9th best mid-sized city of the Future
  Foreign Direct Investment magazine—03/2015
- 6th best city to travel to for food snobs
  Travel+Leisure—03/2015
- America's best city for Global Trade for Skilled Workforce
  Global Trade magazine—11/2014
- 3rd best city for rent growth
  All Property Management as reported in ABQ Journal—10/2013
- 6th best city in US for connecting workers to jobs using Public Transportation
  Brookings Institute—July 2012
- One of the 10 best park systems in the nation

  Aspen Institute, October 2007

Kiplinger Millionaires in America 2020: All 50 States Ranked | Slide 9 of 52

44. New Mexico

MILLIONAIRE HOUSEHOLDS: 40,450
TOTAL HOUSEHOLDS: 813,135
Concentration of Millionaires: 4.97%

RANK: 44 (+1 from last year)

MEDIAN INCOME FOR ALL HOUSEHOLDS: $47,169

MEDIAN HOME VALUE: $174,700

New Mexico is a land of stark contrasts when it comes to its millionaire population. Los Alamos, New Mexico – best known for the world-famous Los Alamos National Laboratory – seems like an unlikely place to find a lot of millionaires. But at 13.2%, it has the second-highest concentration of millionaires per capita of any city in the U.S.

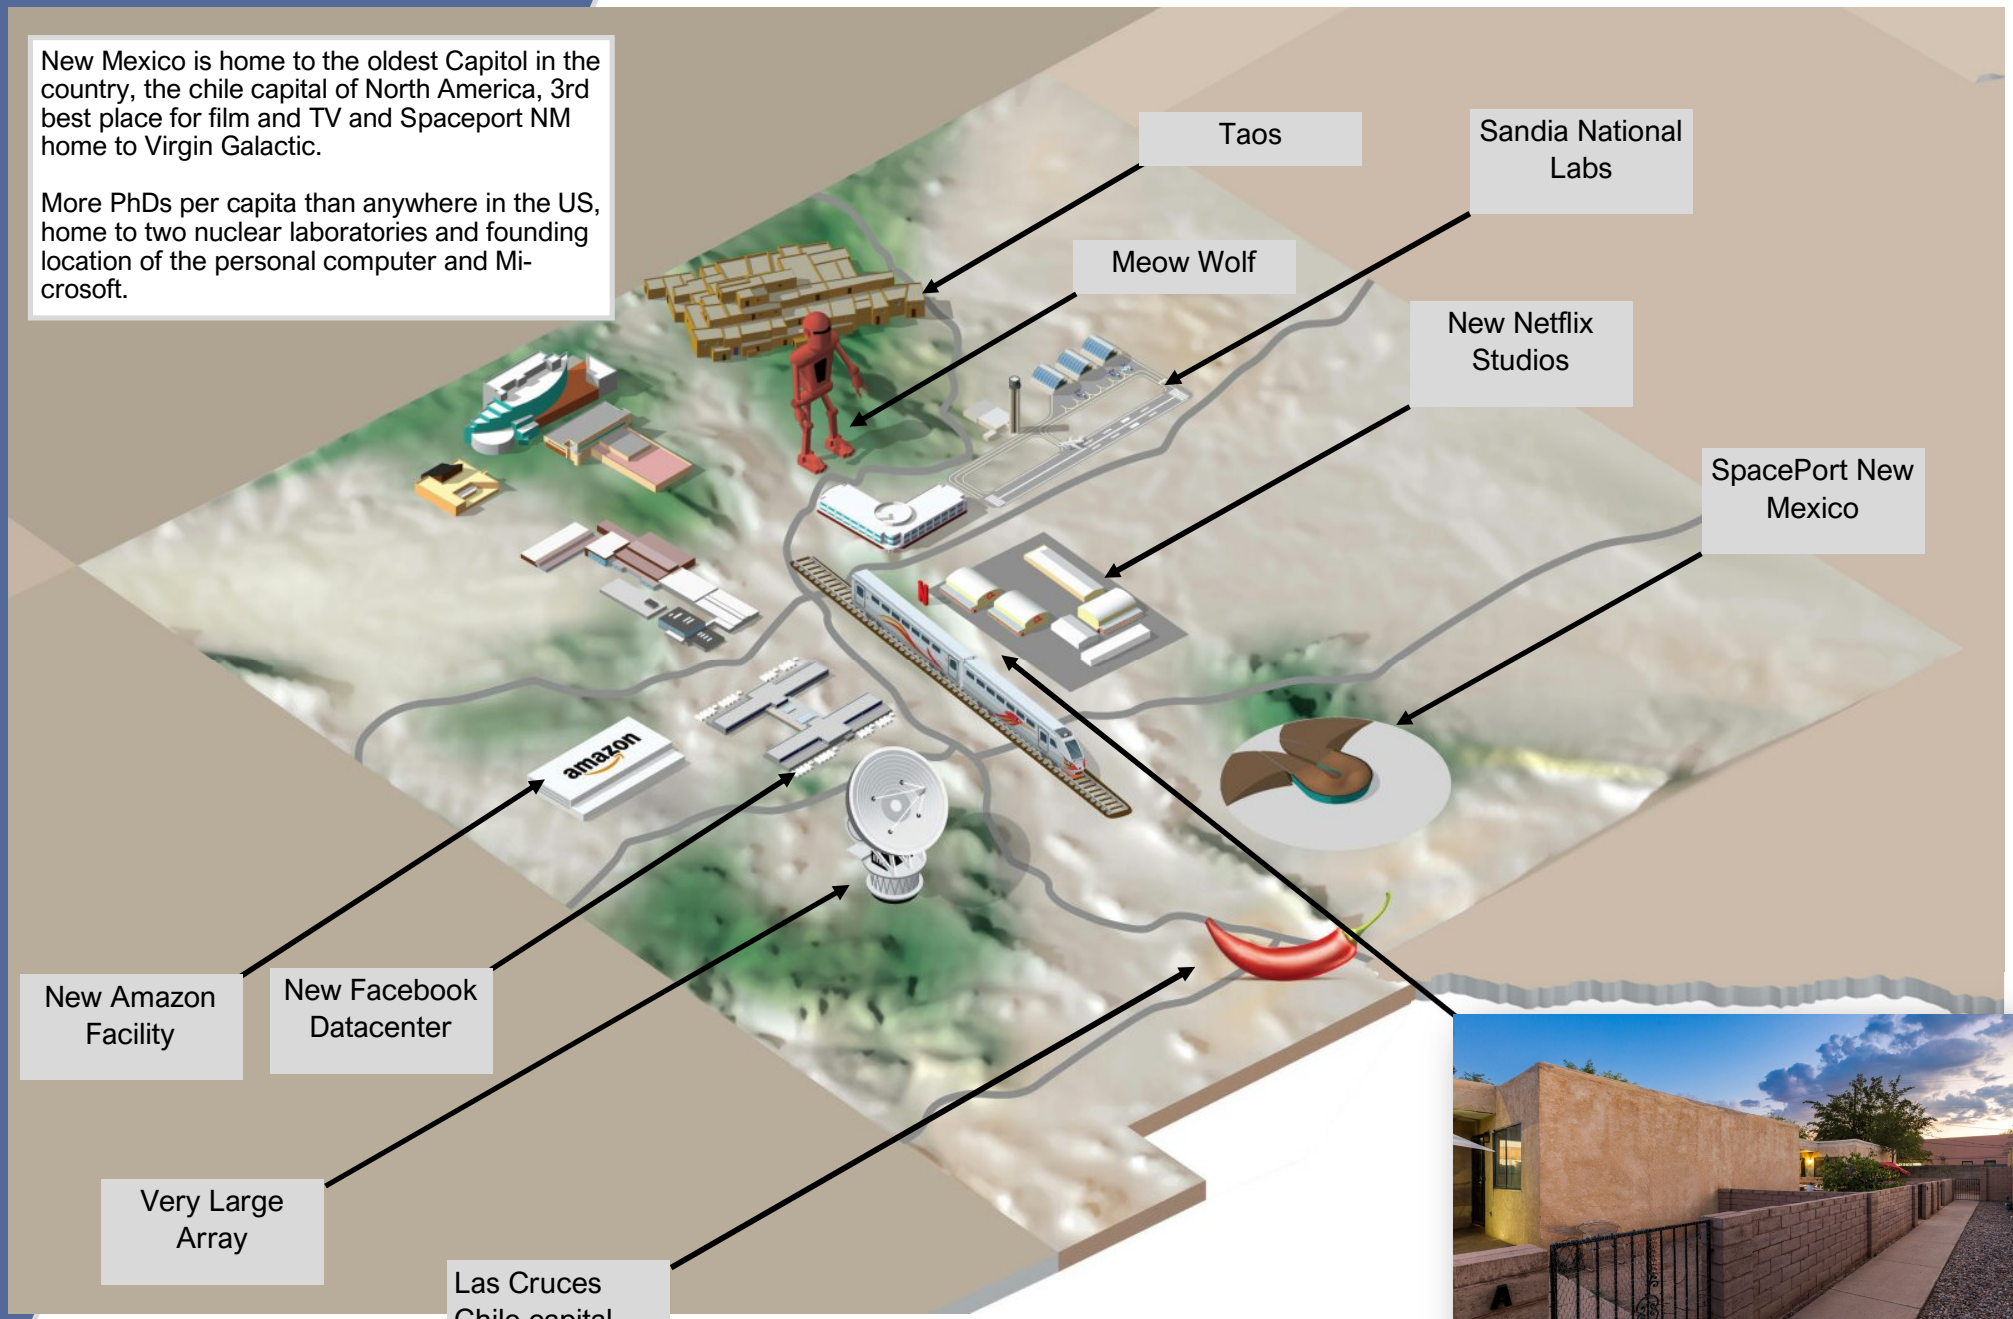

In addition to medicine, top-paying jobs are found in general internal medicine, engineering management and psychiatry.

Yet outside of Los Alamos, the state's concentration of millionaires puts it in the bottom 10 in the U.S. Fewer than 1 in 20 households claiming investable assets of $1 million or more.

New Mexico is on the international map

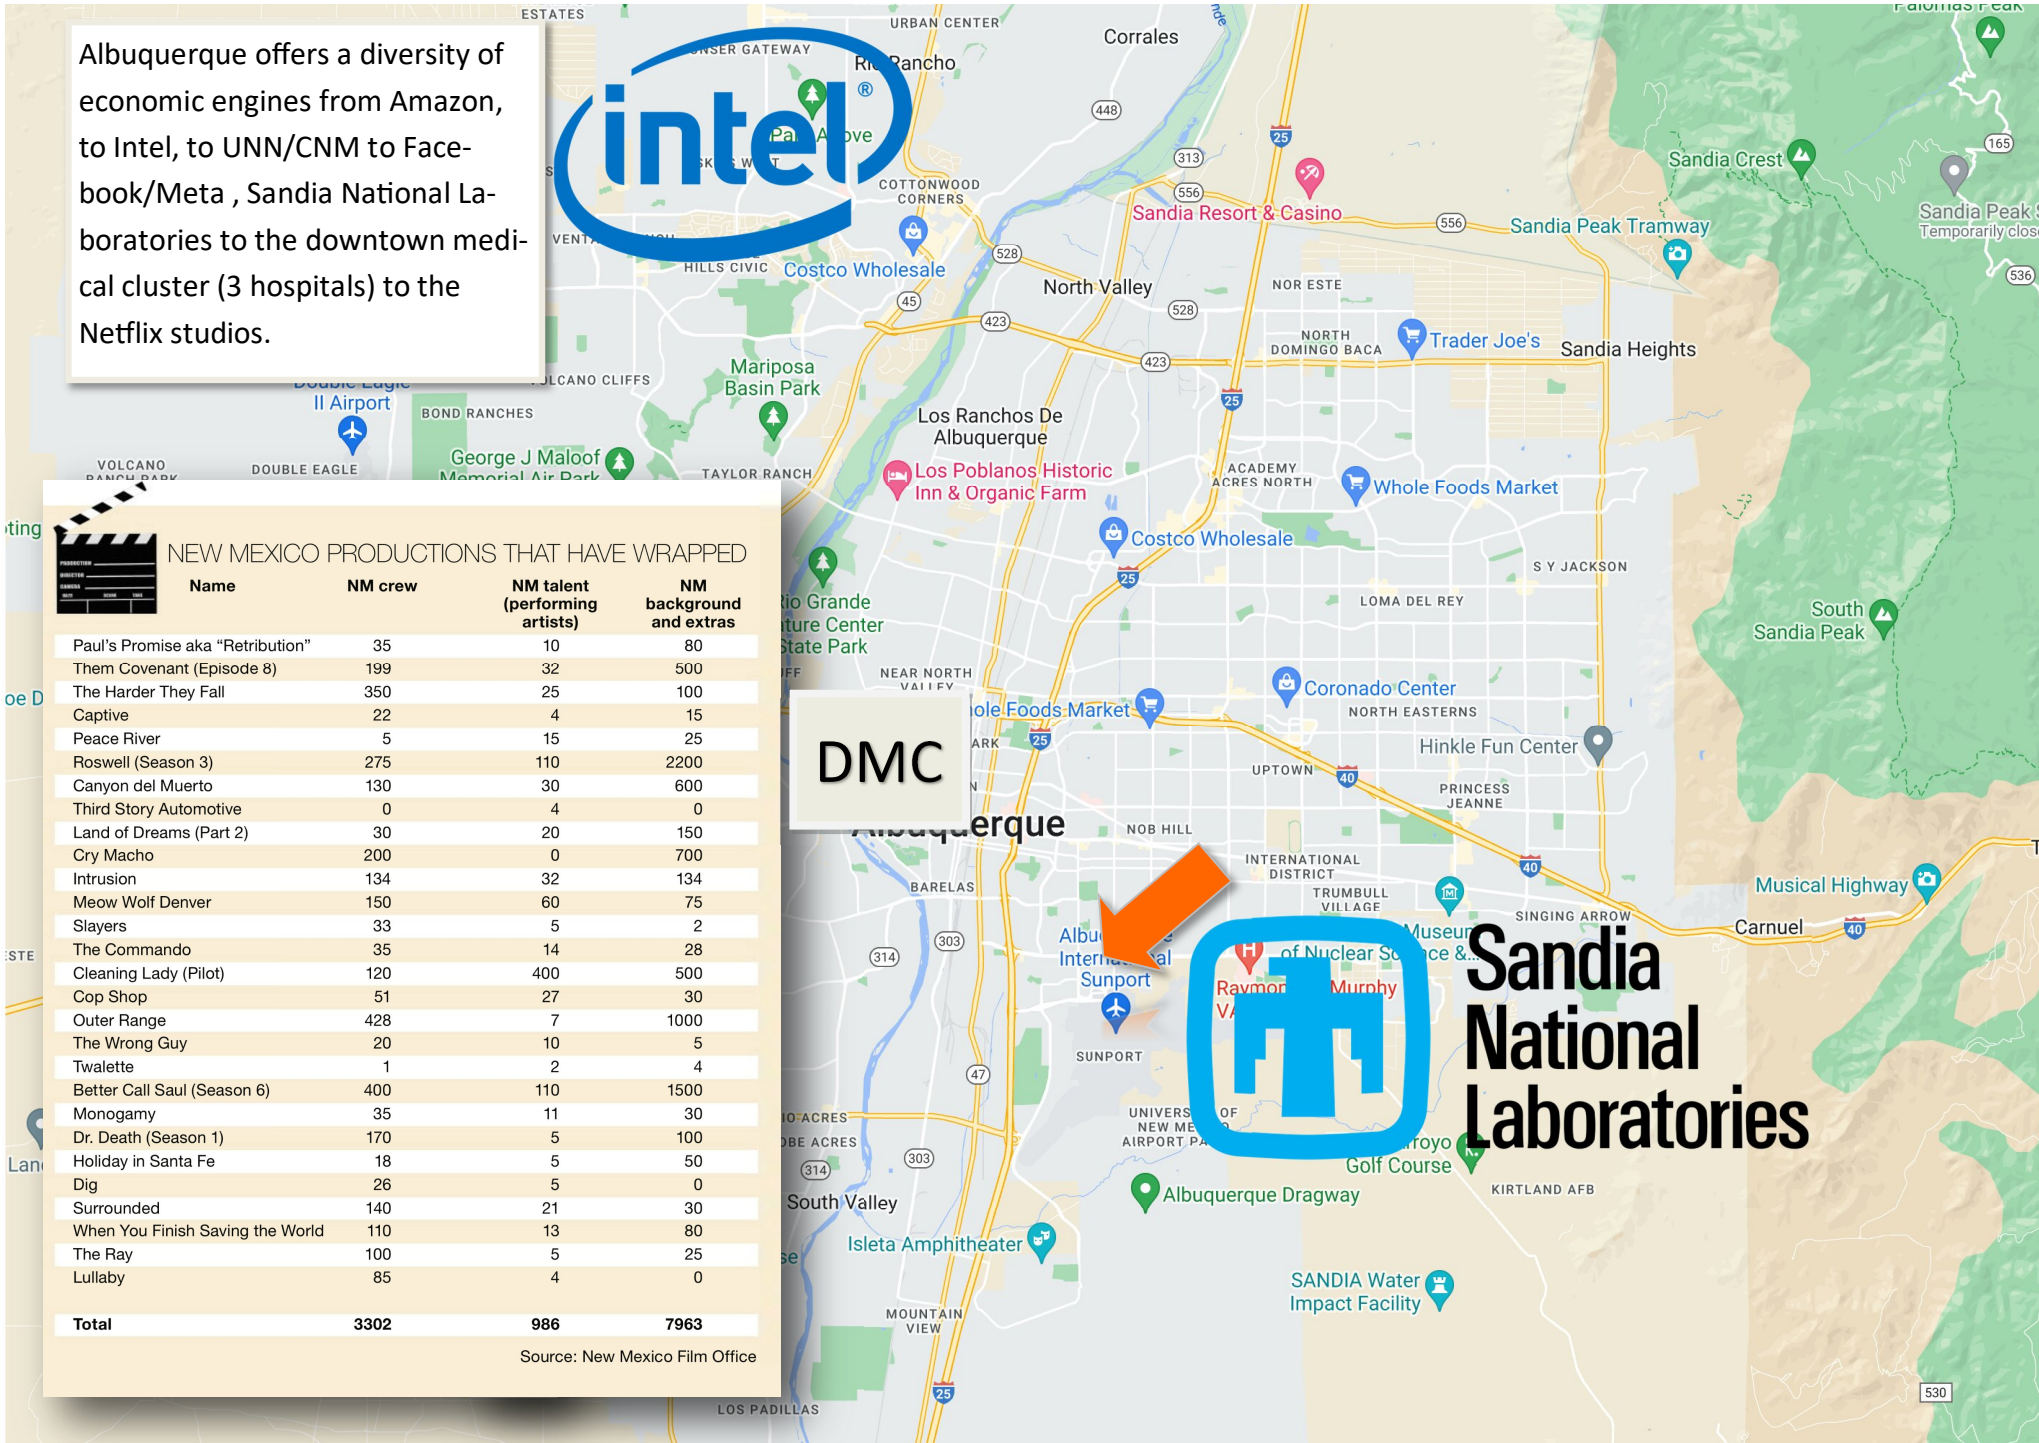

New Mexico is home to the oldest Capitol in the country, the chile capital of North America, 3rd best place for film and TV and Spaceport NM home to Virgin Galactic.

More PhDs per capita than anywhere in the US, home to two nuclear laboratories and founding location of the personal computer and Microsoft.

Albuquerque's Economic Engines

Albuquerque offers a diversity of economic engines from Amazon, to Intel, to UNN/CNM to Facebook/Meta , Sandia National Laboratories to the downtown medical cluster (3 hospitals) to the Netflix studios.

Multifamily investment sales process and thoughts:

My name is Todd Clarke CCIM CIPS and I am a commercial Realtor who has been selling apartment investments for over 37 years. In that time, I have listed/sold over 20,077 units totaling $984.5M in over 1,064 transactions. I also teach investment sales analysis for the CCIM institute (29 years, over 4,000 students in a dozen countries). I share this with you so you know that the balance of this document comes from experience, and my ideals about how the apartment business runs. This also gives you insight into how we counsel and advocate for our clients.

Most of your Buyer's questions about rents, expenses, and property info can be answered by downloading the flyer & APOD (Annual Property Operating Data) from the document center. Please READ THEM. If you are anew to investment sales, I am glad to assist you, but please know:

Showings/Tours

- Residents have rights under the NM Landlord Resident Relations act, and Landlords take that law seriously.
- Many Landlords consider their residents to be their customers. They work hard to keep them happy. Any attempt by a 3rd party to visit the property without the Landlord's prior written approval jeopardizes the Landlord's and Resident's happy customer relationship.
- Do not disturb the residents, do not walk the property. It is considered rude to do either, and many Sellers will refuse to work with Buyers who violate this provision.
- Landlords (Sellers) rarely are willing to show a property prior to having an offer.
- Where possible, we have included virtual tours in high definition – please look to the flyer for those links.
- Sellers suggest Buyers make an offer subject to inspection and that the buyer work hard to consolidate their inspections and appraisal review on the same business day, to minimize the impact on the residents, who are the sellers clients.

Commercial vs. Residential Real Estate sales

- Apartment investments are considered commercial real estate sales. Although the occasional apartment will sell to an owner/occupant, from the Seller's and Listing Broker's perspective, they approach the transaction in a business-like manner, where it is all about the numbers, and very little about the emotions.
- Commercial brokers work regular business hours during business days, and so do most of their clients. Please do not write an offer with an expiration date on a weekend, or a response period of anything less than 3 business days. Please do not text, or expect return phone calls after regular business hours.

Offers

- Commercial transactions often start with a two page letter of intent or LOI – this allows the parties to share the skeleton of a deal. If they can reach a meeting of the minds, they will then flesh out the details in a purchase and sale agreement. If your client chooses to do a letter of intent, please make sure your letter of intent form includes the basics like price, closing date, contingencies, and who pays what closings costs.
- The current (2021) activity level from investors interest in our marketplace is three times higher than it was before then pandemic, which was 10 times higher than it was in 2016, our market is saturated with out of state investors, and I often tell buyers that they have a 1 in 10 chance of becoming an owner, where as everyone of my Sellers have a 1 in 1 chance of selling.
- Please let your client know that I work with my clients on a merit based negotiation system - we do not play the high/low game, and my listing agreement pre-authorizes me to let you know when a (low) offer is likely not to be responded to by my Seller, so call first before your client suggests a low ball offer.
- If your client's strategy is to count days on market and expect a discount, please let them know we specialize in helping our clients establish the leading edge of current market pricing, and our clients are prepared to wait for the right investor who can meet their deal goals.
- The follow-up questions Sellers ask after what is the price is, does the Buyer know the market? Have they been here? Do they have a team (management, lender, etc.) in place? Be prepared to answer these questions an advocate for your buyer, particularly if there are multiple competing offers.
- Most of my Sellers are as focused on certainty of closing as they are the price, so don't be surprised when we ask you for proof of funds of down payment and a prequal letter from a qualified lender.
- The standard in commercial transactions is that the Buyer pays for their own inspections and financing costs, and issues raised by the Buyer's lender are the Buyers to deal with. As the seller is sharing the information on the property with the buyer, the expectation is the buyer will share all information with the seller so they can troubleshoot/problem solve together.

BID Process

- If this property is being marketed with the BID process, then the ask (start) price is set low with the intention of garnering a lot of investor interest that will lead to multiple offers, a best and final round with a final close price that is considerably higher than the original ask price. This process may be new to you, but we have been using it for over 16 years. By participating in the BID Process, best case, your buyer becomes an owner, worst case they receive an education on current market conditions.
- If the property is being marketed using the BID process, the tour date and time is the only time the property is available for a viewing. This is not an inspection. Please do not bring your vendors, inspectors, ladders, etc. This is not an open house, but a guided tour that lasts 10 to 20 minutes and allows you a chance to view the interior condition.

Client Control

- Your client's actions represent you in this transaction, and your actions represent them.
- Please let your client know they have only one chance to make a good impression with my Sellers.
- When in doubt, please ask for permission via email, do not take action and expect forgiveness from a Seller. Please let your clients know that their actions will be considered by the Seller when they review offers and rank them in likelihood to close.

Open invitation – on a monthly basis, we host a luncheon for brokers and property managers who have an interest in apartment investments – just email me for an invitation.

Please know that I love this business and I am glad to share my knowledge, expertise and enthusiasm with you and your Buyer. I want to help you, help them, to be a great landlord and investor. I look forward to working on this transaction with you—

Sincerely, Todd Clarke CCIM CIPs

Is the Seller offering a credit for a buyer to self represent or paying a fee for a buyer's broker?
NM Apartment Advisors has created a mechanism, where you can email 24/7 to discover what compensation/credit a seller is offering by sending an Email to compensation@nmapartment.com with the subject: NMAA-2677315
To receive a document confirming buyer's broker compensation and/or buyer's credit from the seller for this listing.
